Everything you need, exactly when you need it.

MANAGE CUSTOMER DETAILS WITH EASE

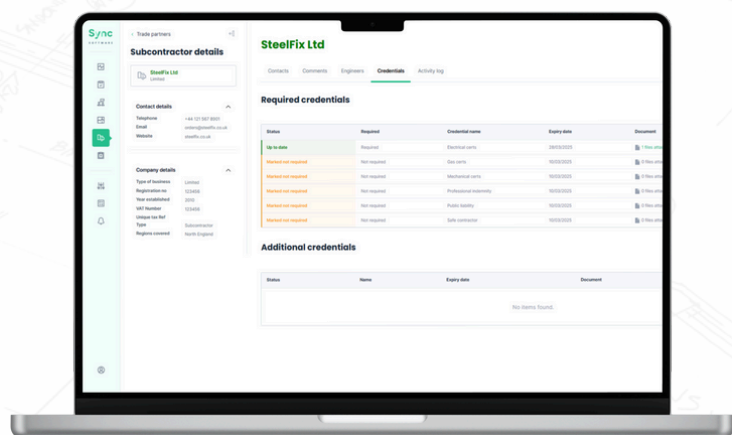

Quickly add and update customer info, contracts, and project-specific data in one intuitive view.

The screenshot shows the 'Create customer' form in Sync. It includes a sidebar with navigation options like 'Customers', 'Customer details', 'Address details', and 'Contact details'. The main content area displays a form with fields for 'Customer details' (Customer name, Customer abbreviation, Type of business, Registration no, Appointed date, Year Established, VAT Number, UTR, Payment Terms) and 'Address details' (Address 1, Address 2, Town/City, County, Postcode). There is also a 'Contact details' section with fields for Email address, Telephone Number, Mobile, and Website.

Simplify Health & Safety compliance, protect teams and stay audit-ready.

Whether it's tracking expired credentials or logging a near-miss, Sync keeps your team safe and your business compliant, without paperwork or bottlenecks.

CREDENTIAL TRACKING WITH AUTOMATED EXPIRY ALERTS

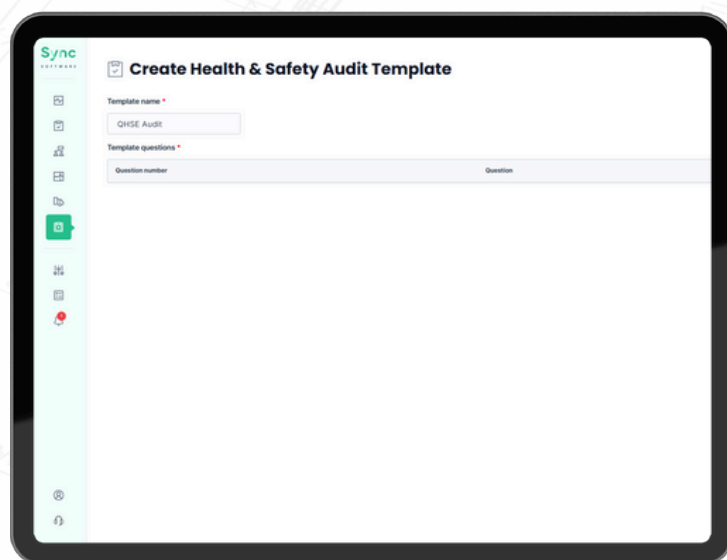

Keep tabs on licenses, certifications, and training records in one place.

- Track employee and subcontractor certifications and credentials.
- Flag non-compliant individuals or subcontractors based on document expiration.

INCIDENT REPORTING & RESOLUTION TRACKING

Log, assign, and resolve safety breaches and near misses with clear follow-up workflows

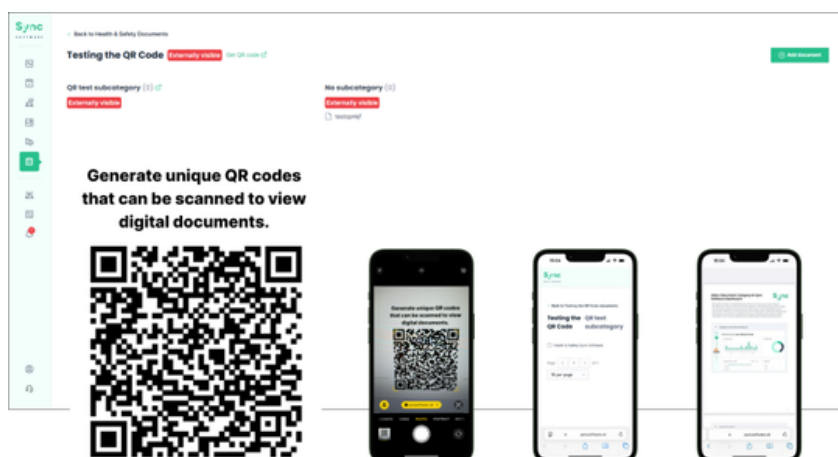

- Structured incident reporting workflows to log safety breaches, near-misses, and accidents.
- Assign follow-up tasks to resolve incidents and track progress.
- Automated notifications for critical incidents requiring immediate action.

Sync streamlines health and safety processes, ensuring your business meets industry standards with ease.

Built for businesses of all sizes, Sync helps you stay compliant, protect your workforce, and maintain a safe, efficient work environment.

Sync! Helping You Streamline, Digitise, and Support Net Zero

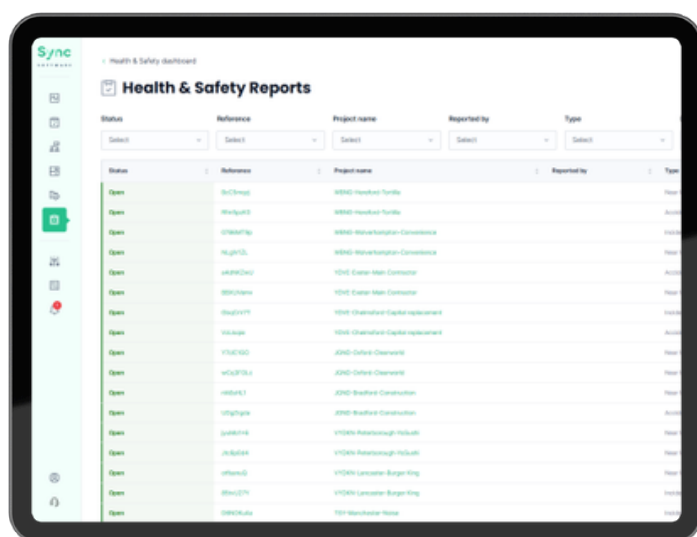

PAPERLESS OPERATIONS AND DIGITAL WORKFLOWS

- Cloud-based documentation and approvals eliminate the need for physical storage and printing.
- Digital record-keeping helps businesses align with Net Zero and ISO 14001 standards.

No matter the size of your team or project, Sync streamlines operations by replacing outdated paperwork with efficient digital solutions. Ensure compliance, gain clearer oversight, and strengthen sustainability with a future-ready approach.

SUPPORTING A CIRCULAR ECONOMY

- Transitioning to digital workflows reduces reliance on physical materials helping you cut costs.
- Sync aids in evaluating material choices, focusing on adaptability and their impact on Whole Life Carbon, aligning with ISO 14001 environmental management standards.

Sync's digital tools help businesses reduce waste, cut paper use, and streamline operations, supporting your journey toward Net Zero.
